

# Wedding Photography with Style

Émotif offers the ability to capture any and all aspects of your day in a way that reflects your style, intent, and emotion.

We provide a friendly assured atmosphere, mixed with fun and great results. We combine this with a competitive price which includes the ability for you to retain ownership of all images and negatives.

Additional options include formal albums, DVDs with your images and coffee table books – a new and exciting concept in presenting your day in a contemporary manner.

Feel free to browse through the weddings on our website and call either James on 586-1304 or David on 566-7323 after hours or 0800 880 990 for a full written quote & presentation of our services at your place and time of convenience.

# Our Philosophy and Approach to your Wedding

Our philosophy is about doing absolutely every thing we can to ensure that you have a brilliant day from start to finish. This is how we ensure you get fantastic photos that are highly personal.

For your wedding, we offer:

- **Two photographers** (both David and James typically) for your day -not just the ceremony
- **Photography of all major aspects** from your final preparations (for both of you) right through to your first dance
- **Absolute care** – as there is two of us, we're always ready for one of us to put down the camera and sort out any issue

we can for you (photographic related or otherwise)

- **You get ALL the images** on CD/DVD in **full resolution** - these are digital and typically over 380 images – what's more **these are yours to own** and do with as you wish
- We print 200 of the above images in an "originals" album in 6x4 size for you
- **We actively assist** to help with timings, event planning and general wedding advice drawn from our **7+ years experience** (each) in Wedding Photography
- On the day we discreetly manage your arrival, the timings for the music and your entrance for the ceremony to ensure everything goes perfectly

Our price (for your booking made in 2008 or 2009) is \$2750 including GST

- We have many additional options for Final Albums, Coffee Table Books, Slideshow DVDs etc

We are about providing a comprehensive personal service (much as you'd expect from a trusted friend) and as such only typically commit to photographing 10-12 weddings per year.

This way we can offer you total focus from our first meeting through to presenting your photographs to you after your day.
